**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**IN THE ABSTRACT:**

The abstract has been rewritten as a single paragraph as reflected below:

**--ABSTRACT**

The invention relates to a bioreactor as well as a method for cultivating organic material: in particular cells, by means of a nutrient medium. For an intensive cultivation of the organic material in a simple and reliable handling a flow generating device is provided in the bioreactor according to the invention, by means of which the nutrient medium can be put into a flow, wherein a receiving device is arranged in the flow that is adapted for receiving and/or retaining the organic material and wherein the receiving device that is adapted for passing through the flowing nutrient medium is permeable. The method in accordance with the invention is characterized in that the nutrient medium is at least temporarily put into a flow, that the organic material, in particular cells, is retained in or at a receiving device, which is permeable to the nutrient medium and that the nutrient medium is passed through the receiving device.--

**IN THE SPECIFICATION:**

The following references to claim numbers in the specification have been removed:

Page 1, lines 3-4, "according to the generic part of claims 1 and 15, respectively" has been replaced with --as described herein--.

Page 3, lines 2-3, "having the features of claim 1 and by the method according to claim 15" has been replaced with --and method of use as described herein--.

Page 11, lines 14-15, "and according to claim 15" has been deleted.
